

## FCC STATEMENT

### 15.19

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

### 15.21

Note: The grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance. Such modifications could void the user's authority to operate the equipment.

### 15.105(B)

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## IC STATEMENT

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

## CE STATEMENT

Operating temperature: 25°C  
Max RF Power level: 2mW  
BLE(2402-2480MHz): 3dBm

RF Exposure information: The IERP power of the device as maximal case is below the exempt condition, 20mW specified in EN62479: 2010.

RF Exposure assessment has been performed to prove that this unit will not generate the harmful EM emission above the reference level as specified in EC Council Recommendation (199/519/EC).

Hereby, Balboa Water Group LLC. Declares that the radio equipment type (59303/59304) is in compliance with Directive 2014/53/EU.

42345 QUICK START GUIDE GW ULTRA SPA MODULE

# CONTROLMYSPA™ GATEWAY ULTRA

QUICK START GUIDE

## SPA MODULE

STEP 1  
ELECTRICAL POWER: OFF

STEP 3  
FINISHED INSTALLATION

Note: Install the Gateway Ultra Spa Module under the spa skirt as high as possible and away from any metal.

**WARNING!**

If you do not see the Gateway Ultra Spa connector from your system, please contact an electrician or your local spa technician for you. DO NOT OPEN THE SPA SYSTEM AND ATTEMPT TO CONNECT THE WI-FI CONNECTOR YOURSELF. The high electrical voltage may harm or kill you.

STEP 4  
ELECTRICAL POWER ON

STEP 2  
CONNECTING THE GATEWAY ULTRA SPA MODULE

Make sure the clip is in the correct position

SYSTEM SIDE VIEW

After the Gateway Ultra Spa module is inserted, gently pull on the wire to make sure the clip is securely in place and will not come loose.
