DISASSEMBLE

Disassemble Instructions

Remove all the parts in the reverse order of the installation steps.

NOTE: To remove the liner, use an L-wrench to pry the retaining block out of the side panel slot. Do not drag the liner directly.

Instructions pour le démontage

Retirez toutes les pièces dans l'ordre inverse des étapes d'installation.

REMARQUE: Pour retirer le revêtement, utilisez une clé en L pour faire levier sur le bloc de retenue et le sortir de la fente du panneau latéral. Ne tirez pas directement sur le revêtement.

Anweisungen zur Demontage

Entfernen Sie alle Teile in umgekehrter Reihenfolge der Montageschritte.

HINWEIS: Um die Auskleidung zu entfernen, hebeln Sie den Halteblock mit einem L-Innensechskantschlüssel aus dem Schlitz der Seitenwand. Ziehen Sie nicht direkt an der Auskleidung.

Instrucciones del desmontaje

Retire todas las partes en el orden inverso a los pasos de instalación.

NOTA: Para retirar la funda, utilice una llave en forma de L para hacer palanca y así retirar el bloque de retención hacia afuera de la ranura del panel lateral. No arrastre la funda.

Spa Bladder Deflation

1. Open the valve cap to deflate the bladder. For quick deflation, insert the straw (included in the repair kit) into the valve.
2. Once the deflation is completed, re-place the cap back.

Dégonflement de la vessie du Spa

1. Ouvrez le bouchon de la valve pour dégonfler la vessie. Pour un dégonflage rapide, insérez la paille (incluse dans le kit de réparation) dans la valve.
2. Une fois le dégonflage terminé, remettez le bouchon en place.

Luftentleerung des Bladder

1. Öffnen Sie die Ventilkappe, um die Luft aus dem Bladder abzulassen. Zur schnellen Luftentleerung wird der Halm (im Reparatursatz enthalten) in das Ventil eingeführt.
2. Sobald die Luftentleerung abgeschlossen ist, setzen Sie die Kappe wieder auf.

Desinflado de la cámara del spa

1. Abra la tapa de la válvula para desinflar la cámara. Para acelerar el desinflado, inserte en la válvula la varilla (incluida en el kit de reparación).
2. Una vez que se haya completado el desinflado, vuelva a poner la tapa.
